If you have a business and have a 5 digit property number, change the search to personal property where the star is below. Otherwise keep it as "Real Estate". In the **Tax Information box, type in the tax year** you are looking for the information for (see below). 2023 is the most recent tax year. Choose "**City of Franklin**" by clicking it in the **drop down Municipality box**.

**Then, choose one way to search for your property.** You can search by your tax bill number, OR 10 or 5 digit property number (also called parcel or tax key number), OR name, OR address. If you choose address, type in the digits in your house # in the house box and then enter your street name in the street name box (for example, 555 in the house# and 27 for the street name). If you type too much information the system will not be able to find your property.
