

Dear Property Owner,

As an owner of an automatic fire sprinkler fire control and/or fire suppression system, City of Franklin Municipal Code §133-6.L.(7) requires you to report an estimate of un-metered water used to test your system.

The City will provide tags that may be installed on valves to advise your testing company of the requirement. Please note that compliance with the reporting requirement is necessary to further the efficiency of the City provision of public water supply and your compliance is appreciated by the Franklin Water Utility. Your compliance is mandatory and a lack of compliance is enforceable pursuant to §133-22. Violations and penalties of the Municipal Code.

Please call the City Utility Department at (414) 421-2613 or (414) 421-2581 to obtain an answer to any question you may have.

This form may be reproduced as needed or additional forms may be obtained by contacting the City Utility Department. You may also download the form at: www.franklinwi.gov (under forms under Engineering Department).
